ACADEMIC REGALIA

The present-day academic costume seemingly originated at Oxford and Cambridge Universities in the 1300s. As the universities passed from ecclesiastical control, brighter colors distinguished the academic robe from the drab clerical gown. Colonial American universities based their academic regalia on the British system.

In 1893, an intercollegiate commission established a uniform code for caps, gowns and hoods for the various degrees.

Black tassels are correct for all degrees and colored tassels are worn only by preference. The doctor's cap and presidents of universities or colleges may have tassels of gold thread. The tassel should be worn draped over the left front quarter of the cap.

The usual color for academic gowns in the United States is black. The bachelor's gown is worn closed; the master's and doctor's may be worn open or closed. The shape of the sleeve is the distinguishing mark of the gowns; bachelor, long pointed sleeves; master, oblong sleeves open at the wrist; doctor, bell-shaped with three velvet bars on each sleeve.

Of the costume's three components, the hood is the most interesting. Originally it had three uses: as a head covering; as a shoulder cape; and as a bag in which alms could be collected. It is mentioned as early as 1480 in clerical literature. When large wigs were in vogue in Britain, the cape part of the hood was split in front and a narrow neckband inserted. The entire cape and hood was allowed to fall back as it is today, and it was never restored to the original style.

The hoods are lined with the color of the institution which awarded the degree to the wearer. The color of the border or collar of the hood designates the degree.

Following is a list of the hood and tassel colors established by the Intercollegiate Code to represent departments of learning:

STUDENT ACCOLADES

EMILY FIGUEROA

Emily Figueroa is a first-generation college student who has earned her Associate in Arts degree with a focus on Spanish from GCC with a 3.6 GPA. She is from Phoenix, Arizona, where she was raised as the youngest of seven siblings. Despite being diagnosed with Spinal Muscular Atrophy Type 2 at the age of 2, Emily's parents supported her through numerous medical appointments and ensured that she received a quality education. Their unwavering support and refusal to acknowledge any limitations due to her disability have been a source of strength for Emily.

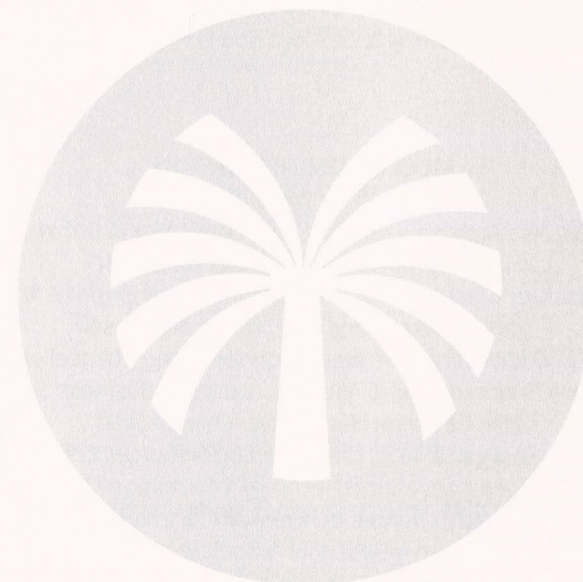

Having surpassed expectations set by doctors in her childhood, Emily is determined to pursue her passion for Spanish and become a medical interpreter. She believes in the importance of being seen for her capabilities rather than her disability, emphasizing that determination and stability can lead to achieving one's goals.

BRISSEYDA PONCE SILVA

Brisseyda Ponce Silva recently achieved her Associate in Arts degree from GCC with an impressive 3.8 GPA, marking a significant milestone in her academic journey. Her next step is pursuing a Dental Hygiene degree at Phoenix College. As a first-generation college student and the eldest of five siblings, Brisseyda has encountered numerous challenges along the way. Like many in her position, she navigated the complexities of college without the guidance of family, relying on her own determination and resilience. Overcoming imposter syndrome was just one of the hurdles she faced, yet her unwavering work ethic and belief in fate propelled her forward. Despite occasional feelings of guilt for pursuing a different path from her parents, Brisseyda finds strength in her dedication to them, acknowledging the sacrifices they made for her success.

ABIGAIL ZAGALA

Abigail Zagala enrolled at GCC at 11 years old, and only a year and a half later, is graduating with her associate degree with highest distinction at the age of 13. Earning a GPA of 4.0, Abigail was on the President's Honor List, inducted into the Phi Theta Kappa honor society, and was granted the GCC Outstanding Student Achievement Award. As a result of her hard work, she was also awarded the Presidents' Honors Scholarship and the Peoria, Arizona Promise Scholarship. Abigail was an active member of student clubs, Women's Rising, Phi Theta Kappa, and Honor's Club. Working to make a difference in the community and on-campus, and enrich the well-being of others, Abigail was recently awarded the Chancellor's Civic Leadership Medallion from Maricopa Community Colleges, for demonstrating the highest levels of civic engagement, service, and leadership. In addition to her numerous achievements at GCC, she values the relationships that were forged with the phenomenal faculty. Their tutelage has imprinted an indelible mark that firmly set her on a path of success, one that she is following to this day. Abigail will be continuing on with her education at ASU this fall, majoring in Social and Behavioral Science. With a desire to help those in need, she has set her sights on a career as a future lawyer. Armed with the knowledge and skills she obtained from GCC, she plans on exceeding all of her goals and flourishing in all her future endeavors.
